Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 25 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry tonight, turning wetter and windy on Tuesday.

This Evening and Tonight:
Scattered showers continuing through the evening before gradually fading overnight. Feeling cool under prolonged clear intervals in the first half of the night, but becoming more widely cloudy in the early hours, which will hold temperatures up somewhat. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Quickly turning wet and windy, with strong gusts developing through the day. Rain turning lighter and patchier in the afternoon but remaining cloudy. Feeling milder than Monday. Maximum temperature 16 deg C (61 deg F).

Outlook for Wednesday to Friday:
An unsettled second half of the week. Outbreaks of rain are likely every day, becoming heavy and prolonged at times. Rather mild throughout and windy at times.
